Dear Ms. Haby:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 576124.

The Bexar County Medical Examiner's Office (the "medical examiner's office") received a request for information pertaining to the death of the requestor's father. The medical examiner's office states it has released some of the requested information, but claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses the Medical Practice Act (the "MPA"), subtitle B of title 3 of the Occupations Code. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides in relevant part the following:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

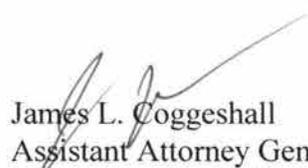

Id. § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those records. *See id.* §§ 159.002, .004. This office has found, when a file is created as the result of a hospital stay, all the documents in the file relating to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 at 1 (1990). This office has also concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 at 3-4 (1988), 370 at 2 (1983), 343 at 1 (1982). Section 159.001 of the MPA defines “patient” as a person who consults with or is seen by a physician to receive medical care. Occ. Code § 159.001(3). Under this definition, a deceased person cannot be a patient under section 159.002 of the MPA. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). Thus, the MPA is applicable only to records related to a person who was alive at the time of diagnosis, evaluation, or treatment to which the records pertain. Upon review, we find the medical examiner's office has not established any of the submitted information consists of records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician. Thus, the submitted information is not confidential under the MPA, and the medical examiner's office may not withhold it from release on that ground. Accordingly, the medical examiner's office must release the submitted information to the requestor.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

¹We note the information being released contains an e-mail address to which the requestor has a right of access under section 552.137(b) of the Government Code. *See* Gov't Code § 552.137(b). However, Open Records Decision No. 684 (2009) is a previous determination authorizing all governmental bodies to withhold specific categories of information without the necessity of requesting an attorney general decision, including e-mail addresses of members of the public under section 552.137 of the Government Code. Thus, if the medical examiner's office receives another request for this same information from a person who does not have a right of access to it, Open Records Decision No. 684 authorizes the medical examiner's office to redact the requestor's e-mail address without the necessity of requesting an attorney general decision.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

James L. Coggeshall
