OR2015-16819

Dear Mr. Miles:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 575723 (DFPS ORR No. 05272015YB4).

The Texas Department of Family and Protective Services (the "department") received a request for the requestor's employment records. The department states it will withhold certain information pursuant to sections 552.024 and 552.147 of the Government Code, Open Records Decision No. 684 (2009), and the previous determination issued in Open Records Letter No. 2003-5590 (2003).¹ The department indicates it has released some of the

¹Section 552.024(c)(2) of the Government Code authorizes a governmental body to redact information protected by section 552.117(a)(1) of the Government Code without the necessity of requesting a decision under the Act if the current or former employee or official to whom the information pertains timely chooses not to allow public access to the information. *See* Gov't Code § 552.024(c)(2). Section 552.147(b) of the Government Code authorizes a governmental body to redact a living person's social security number from public release without the necessity of requesting a decision from this office under the Act. *Id.* § 552.147(b). Open Records Decision No. 684 is a previous determination to all governmental bodies authorizing them to withhold certain categories of information, including a Form I-9 and attachments under section 552.101 of the Government Code in conjunction with section 1324a of title 8 of the United States Code, without the necessity of seeking a decision from this office. Open Records Letter No. 2003-5590 is a previous determination authorizing the department to withhold, without the necessity of seeking a decision from this office, the records concerning an investigation of an allegation of abuse or neglect of a child and the records used or developed in providing services as a result of such an investigation under section 552.101 of the Government Code in conjunction with section 261.201(a) of the Family Code, unless the department's rules permit the department

requested information, but claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the claimed exception and reviewed the submitted representative sample of information.²

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” Gov’t Code § 552.101. This section encompasses the Medical Practice Act (the “MPA”), subtitle B of title 3 of the Occupations Code. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides in relevant part the following:

- (a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.
- (b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.
- (c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient’s behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 at 3-4 (1988), 370 at 2 (1983), 343 at 1 (1982). We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 at 1 (1990). Upon review, we agree the submitted information constitutes medical records. Accordingly, the department

This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.
