

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

August 19, 2015

Mr. Fred M. Barker
Assistant County Attorney
County of Parker
118 West Columbia Street
Weatherford, Texas 76086

OR2015-17170

Dear Mr. Barker:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 576410.

The Parker County Purchasing Agent's Office (the "county") received a request for the responses, scoring tabulation, and meeting minutes from the board meeting on a specific date, related to a specified RFP. The county states it has released some information. The county states it does not possess some of the requested information.¹ Although the county takes no position as to whether the submitted information is excepted under the Act, the county informs us release of this information may implicate the proprietary interests of DOCUmentation of North Texas ("DOCUmentation"), Toshiba Business Solutions, and Strategic Technology Partners of Texas. Accordingly, the county states it notified these third parties of the request for information and of their right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits

¹The Act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. *See Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from DOCUmentation. We have considered the submitted arguments and reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) of the Government Code to submit its reasons, if any, as to why information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have only received comments from DOCUmentation explaining why the submitted information should not be released. Therefore, we have no basis to conclude either of the remaining third parties has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case information is trade secret), 542 at 3. Accordingly, the county may not withhold the submitted information on the basis of any proprietary interest either of the remaining third parties may have in the information. Section 552.110(b) of the Government Code protects "[c]ommercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained[.]" Gov't Code § 552.110(b). This exception to disclosure requires a specific factual or evidentiary showing, not conclusory or generalized allegations, that substantial competitive injury would likely result from release of the information at issue. *Id.*; *see also* ORD 661 at 5-6.

DOCUmentation claims portions of its information constitute commercial or financial information, the disclosure of which would cause the company substantial competitive harm. Upon review, we find DOCUmentation has failed to demonstrate the release of any of its information would cause it substantial competitive injury. *See* ORD 661 (for information to be withheld under commercial or financial information prong of section 552.110, business must show by specific factual evidence that substantial competitive injury would result from release of particular information at issue), 509 at 5 (1988) (because costs, bid specifications, and circumstances would change for future contracts, assertion that release of bid proposal might give competitor unfair advantage on future contracts is too speculative), 319 at 3 (1982) (information relating to organization and personnel, professional references, market studies, qualifications, and pricing are not ordinarily excepted from disclosure under statutory predecessor to section 552.110). We note the pricing information of a winning bidder, such as DOCUmentation, is generally not excepted under section 552.110(b). This office considers the prices charged in government contract awards to be a matter of strong public interest; thus, the pricing information of a winning bidder is generally not excepted from disclosure under section 552.110(b). *See* Open Records Decision No. 514 (1988) (public has interest in knowing prices charged by government contractors); *see generally*

Dep't of Justice Guide to the Freedom of Information Act 344-345 (2009) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). Further, the terms of a contract with a governmental body are generally not excepted from public disclosure. *See* Gov't Code § 552.022(a)(3) (contract involving receipt or expenditure of public funds expressly made public); Open Records Decision No. 541 at 8 (1990) (public has interest in knowing terms of contract with state agency). Therefore, none of DOCUmentation's information may be withheld under section 552.110(b) of the Government Code.

We note some of the submitted information may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit. As no further exceptions against disclosure have been raised, the county must release the submitted information; however, any information subject to copyright may be released only in accordance with copyright law.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
