Dear Ms. Pell:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 584025 (ORR# 5026).

The Baytown Police Department (the "department") received a request for the complaint and victim's statement related to a specified incident report. You claim some of the submitted information is excepted from disclosure under sections 552.101 and 552.152 of the Government Code.<sup>1</sup> We have considered the exceptions you claim and reviewed the submitted information.

We note most of the submitted information is not responsive to the instant request for information because it does not consist of the specified complaint and statement. This ruling does not address the public availability of any information that is not responsive to the request and the department is not required to release such information in response to this request. As we are able to make this determination, we do not address your arguments against release of the non-responsive information.

---

<sup>1</sup>We note, and you acknowledge, the requestor has a right of access to the information at issue pursuant to section 261.201(k) of the Family Code. *See* Fam. Code § 261.201(k) (parent of child victim of abuse or neglect has right of access to information otherwise confidential under section 261.201(a) of the Family Code). If the department receives another request for this information from a different requestor, the department must again seek a ruling from this office. *See* Gov't Code §§ 552.301, .302; Open Records Decision No. 673 (2001).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
