OR2015-20612

Dear Mr. Moore:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 581574 (TAMU 15-600).

Texas A&M University (the "university") received a request for the 2014-2015 evaluations for two named employees. The university claims the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception the university claims and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes, including section 51.971 of the Education Code. Section 51.971 of the Education Code provides in relevant part the following:

(a) In this section:

(1) "Compliance program" means a process to assess and ensure compliance by the officers and employees of an institution of higher

education with applicable laws, rules, regulations, and policies, including matters of:

- (A) ethics and standards of conduct;
- (B) financial reporting;
- (C) internal accounting controls; or
- (D) auditing.

(2) "Institution of higher education" has the meaning assigned by Section 61.003.

...

(e) Information is excepted from disclosure under [the Act] if it is collected or produced:

- (1) in a compliance program investigation and releasing the information would interfere with an ongoing compliance investigation[.]

Educ. Code § 51.971(a), (e)(1). The university states the submitted information concerns a pending investigation of allegations of discrimination reported to and under investigation by university administrators as part of the university's compliance program. The university represents release of the submitted information at this time could negatively impact the ongoing investigation "by disclosing specific documents related to the complaint before the investigators are able to review the information and interview all relevant individuals[.]" Upon review, we find release of the submitted information would interfere with the ongoing compliance investigation. Accordingly, we conclude the university must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 51.971(e)(1) of the Education Code.
