OR2015-21979

Dear Ms. Rovira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 589722 (Ref. No. W003845-091115).

The Addison Police Department (the "department"), which you represent, received a request for information pertaining to a specified incident. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as chapter 772 of the Health and Safety Code, which authorizes the development of local emergency communication districts. Section 772.318 of the Health and Safety Code applies to an emergency communication district for a county with a population of more than 20,000 and makes confidential the originating telephone numbers and addresses of 9-1-1 callers that are furnished by a 9-1-1 service supplier. *See* Open Records Decision No. 649 (1996). You state the Town of Addison is part of an emergency communication district that is subject to section 772.318 of the Health and Safety Code. You state the information you have marked in the submitted information consists of the originating telephone number and address furnished by a 9-1-1 service supplier. However, we note you have marked information that does not constitute an address or telephone number.

Accordingly, the department may not withhold this information, which we have marked for release, under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code. The department must withhold the remaining information you have marked under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code. No portion of the remaining information consists of the originating telephone number or address of a 9-1-1 caller furnished by a 9-1-1 service provider, and it may not be withheld under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code. The remaining information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
