

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

October 23, 2015

Ms. Ana Vieira Ayala
Senior Attorney & Public Information Coordinator
Office of General Counsel
The University of Texas System
201 West Seventh Street
Austin, Texas 78701-2902

OR2015-22299

Dear Ms. Ayala:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 584361 (OGC# 163647).

The University of Texas M.D. Anderson Cancer Center (the "university") received a request for information related to non-human primates in its care, including a list of approved studies on non-human primates housed at university facilities. You state you have released some information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses section 161.032 of the Health and Safety Code, which provides, in relevant part:

(a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

...

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(a), (c), (f). For purposes of this confidentiality provision, a “‘medical committee’ includes any committee, including a joint committee, of . . . a hospital [or] a medical organization [or] a university medical school or health science center [or] a hospital district [.]” *Id.* § 161.031(a). Section 161.0315 provides in relevant part that “[t]he governing body of a hospital, medical organization, university medical school or health science center, . . . [or] hospital district . . . may form . . . a medical committee, as defined by Section 161.031, to evaluate medical and health care services[.]” *Id.* § 161.0315(a).

The precise scope of the “‘medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Memorial Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish that “‘documents generated by the committee in order to conduct open and thorough review” are confidential. This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.* at 648; *see also* Open Records Decision No. 591 (1991) (construing, among other statutes, statutory predecessor to section 161.032).

The university states the submitted information consists of records of the Institutional Animal Care Use Committee (the “IACUC”). The university informs us the IACUC is a medical committee charged with certifying all research utilizing animal subjects, or using animal derived materials, conforms to principles and/or regulations enunciated by the university, Texas health agencies, and the United States Department of Agriculture. Additionally, the university explains the submitted information “is extracted from a database used by the IACUC in animal facilities in order to ensure animals are managed according to IACUC protocol.” Based upon your representations, we agree this committee is a “‘medical committee” for purposes of section 161.031 and conclude the university must withhold the

submitted information under section 552.101 in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

A handwritten signature in black ink that reads "Mili Gosar". The signature is written in a cursive, flowing style.
