Ms. Halfreda Anderson Nelson  
Public Information Officer  
Senior Assistant General Counsel  
Dallas Area Rapid Transit  
P.O. Box 660163

OR2015-23672

Dear Ms. Nelson:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 586766 (DART ORR No. 11821).

Dallas Area Rapid Transit ("DART") received a request for several categories of information relating to a fatal traffic accident.<sup>1</sup> You claim the submitted information is excepted from disclosure under sections 552.103 and 552.107 of the Government Code. We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note the submitted information includes a CR-3 accident report. Section 552.101 of the Government Code excepts from disclosure "information considered

---

<sup>1</sup>We note DART sought and received clarification of the information requested. See Gov't Code § 552.222 (providing if request for information is unclear, governmental body may ask requestor to clarify request); see also *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (holding that when a governmental entity, acting in good faith, requests clarification or narrowing of an unclear or over-broad request for public information, the ten-day period to request an attorney general ruling is measured from the date the request is clarified or narrowed).

to be confidential by law, either constitutional, statutory, or by judicial decision.”<sup>2</sup> Gov’t Code § 552.101. Section 552.101 encompasses information subject to chapter 550 of the Transportation Code. Section 550.065 applies only to a written report of an accident required under section 550.061, 550.062, or 601.004. Transp. Code § 550.065(a)(1). Chapter 550 requires the creation of a written report when the accident resulted in injury to or the death of a person or damage to the property of any person to the apparent extent of \$1,000 or more. *Id.* §§ 550.061 (operator’s accident report), .062 (officer’s accident report). An accident report is privileged and for the confidential use of the Texas Department of Transportation or a local governmental agency of Texas that has use for the information for accident prevention purposes. *Id.* § 550.065(b). However, a governmental entity may release an accident report in accordance with subsections (c) and (c-1). *Id.* § 550.065(c), (c-1). Section 550.065(c) provides a governmental entity shall release an accident report to a person or entity listed under this subsection. *Id.* § 550.065(c).

Here, the requestor is a person listed under section 550.065(c). Although DART asserts section 552.103 to withhold the information, a statutory right of access prevails over the Act’s general exceptions to public disclosure. *See, e.g.*, Open Records Decision Nos. 613 at 4 (1993) (exceptions in Act cannot impinge on statutory right of access to information), 451 (1986) (specific statutory right of access provisions overcome general exception to disclosure under the Act). Because section 552.103 is a general exception under the Act, the requestor’s statutory access under section 550.065(c) prevails and DART may not withhold the information under section 552.103 of the Government Code. Thus, DART must release the submitted accident report to the requestor pursuant to section 550.065(c) of the Transportation Code.

Section 552.103 of the Government Code provides, in relevant part, as follows:

(a) Information is excepted from [required public disclosure] if it is information relating to litigation of a civil or criminal nature to which the state or a political subdivision is or may be a party or to which an officer or employee of the state or a political subdivision, as a consequence of the person’s office or employment, is or may be a party.

...

(c) Information relating to litigation involving a governmental body or an officer or employee of a governmental body is excepted from disclosure under Subsection (a) only if the litigation is pending or reasonably anticipated

---

<sup>2</sup>The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

on the date that the requestor applies to the officer for public information for access to or duplication of the information.

Gov't Code § 552.103(a), (c). The governmental body has the burden of providing relevant facts and documents to show the section 552.103(a) exception is applicable in a particular situation. The test for meeting this burden is a showing that (1) litigation is pending or reasonably anticipated on the date the governmental body received the request for information and (2) the information at issue is related to that litigation. *Univ. of Tex. Law Sch. v. Tex. Legal Found.*, 958 S.W.2d 479, 481 (Tex. App.—Austin 1997, orig. proceeding); *Heard v. Houston Post Co.*, 684 S.W.2d 210, 212 (Tex. App.—Houston [1st Dist.] 1984, writ ref'd n.r.e.); Open Records Decision No. 551 at 4 (1990). The governmental body must meet both prongs of this test for information to be excepted from disclosure under section 552.103(a).

The question of whether litigation is reasonably anticipated must be determined on a case-by-case basis. *See* Open Records Decision No. 452 at 4 (1986). To establish litigation is reasonably anticipated, a governmental body must provide this office “concrete evidence showing that the claim that litigation may ensue is more than mere conjecture.” *Id.* In Open Records Decision No. 638 (1996), this office stated a governmental body has met its burden of showing litigation is reasonably anticipated by representing it received a notice-of-claim letter that is in compliance with the Texas Tort Claims Act (“TTCA”), chapter 101 of the Civil Practices and Remedies Code. If that representation is not made, the receipt of the claim letter is a factor we will consider in determining, from the totality of the circumstances presented, whether the governmental body has established litigation is reasonably anticipated. *See* ORD 638 at 4.

You state, and submit documentation showing, prior to receiving the request for information, DART received a notice of claim letter that complies with the TTCA from the attorney for an individual who was injured in the accident at issue. You state the information at issue is directly related to the anticipated litigation. Based on your representations and our review, we find you have demonstrated the information at issue is related to litigation reasonably anticipated at the time DART received the request for information. Therefore, we find DART may generally withhold the information at issue under section 552.103.<sup>3</sup>

We note, however, the information at issue involves alleged criminal activity. Information normally found on the front page of an offense or incident report is generally considered public. *Houston Chronicle Publ'g Co. v. City of Houston*, 531 S.W.2d 177 (Tex. Civ. App.—Houston [14th Dist] 1975), *writ ref'd n.r.e. per curiam*, 536 S.W.2d 559 (Tex. 1976); *see* Open Records Decision No. 127 (1976) (summarizing types of information considered to be basic information). This office has stated basic information about a crime may not be

<sup>3</sup>As our ruling is dispositive, we need not address your remaining argument against disclosure.

withheld under section 552.103 of the Government Code, even if it is related to litigation. Open Records Decision No. 362 (1983). Thus, we find the basic offense information from the incident report at issue may not be withheld on the basis of section 552.103. Basic information refers to the information held to be public in *Houston Chronicle*. See 531 S.W.2d at 186-187; see also ORD 127. Therefore, with the exception of basic information, which must be released, DART may withhold the information at issue under section 552.103 of the Government Code.

We further note the purpose of section 552.103 is to enable a governmental body to protect its position in litigation by forcing parties seeking information relating to that litigation to obtain it through discovery procedures. See ORD 551 at 4-5. Thus, if the opposing party has seen or had access to information relating to the anticipated litigation through discovery or otherwise, there is no interest in withholding such information from public disclosure under section 552.103. See Open Records Decision Nos. 349 (1982), 320 (1982). We also note the applicability of section 552.103 ends once the related litigation concludes. See Attorney General Opinion MW-575 (1982); Open Records Decision No. 350 (1982).

In summary, DART must release the submitted accident report to the requestor pursuant to section 550.065(c) of the Transportation Code. With the exception of basic information, which must be released, DART may withhold the remaining information under section 552.103(a) of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
