

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

November 18, 2015

Ms. Victoria D. Honey
Assistant City Attorney
City of Fort Worth
2000 Throckmorton Street, 3rd Floor
Fort Worth, Texas 76102

OR2015-24229

Dear Ms. Honey:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 587737 (W045364).

The City of Fort Worth (the "city") received a request for the city's water, sewer, and base map GIS shape files. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses the Texas Homeland Security Act (the "HSA"). As part of the HSA, sections 418.176 through 418.182 were added to chapter 418 of the Government Code. These provisions make certain information related to terrorism confidential. Section 418.181 provides:

Those documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.

Id. § 418.181. The fact that information may relate to a governmental body's security concerns does not make the information *per se* confidential under the HSA. *See* Open

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

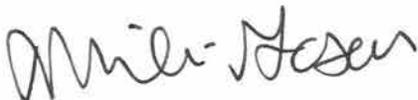

Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of the claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert, and we agree, the city's water and sanitary sewer line systems are critical infrastructure. *See generally id.* § 421.001 (defining "critical infrastructure" to include "all public or private assets, systems, and functions vital to the security, governance, public health and safety, economy, or morale of the state or the nation"). You state the submitted information "shows significant details of the city's water supply and sanitary sewer systems" and "[release] of technical details of the systems could disclose their vulnerabilities." Based on your representations and our review, we find the city has demonstrated the release of the submitted information would identify the technical details of particular vulnerabilities critical infrastructure to an act of terrorism. Thus, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.²

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
