Mr. Jonathan L. Almanza
Assistant District Attorney
Criminal District Attorney's Office
Hidalgo County

OR2016-02322

Dear Mr. Almanza:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 596102 (Hidalgo File No. 2015-0126-DA.CO).

The Hidalgo County Elections Administration Office (the "county") received a request for information pertaining to specified elections. You state the county will release some information. You state the county does not have information responsive to portions of the request.¹ You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. Further, you state release of the submitted information may implicate the proprietary interests of the Cities of Alamo, Donna, Edcouch, La Joya, Palmview, and Weslaco (collectively, the "cities"). Accordingly, you state, and provide documentation showing, you notified the cities of the request for information and of their rights to submit arguments to this office as to why the information at issue should not be released.² See Gov't Code § 552.304 (providing that interested party may submit

¹The act does not require a governmental body to release information that did not exist when a request for information was received or to prepare new information in response to a request. See *Econ. Opportunities Dev. Corp. v. Bustamante*, 562 S.W.2d 266, 267-68 (Tex. Civ. App.—San Antonio 1978, writ dismissed); Open Records Decision Nos. 605 at 2 (1992), 452 at 3 (1986), 362 at 2 (1983).

²As of the date of this letter, we have not received comments from the cities explaining why the submitted information should not be released.

comments stating why information should or should not be released). We have considered the exception you claim and reviewed the submitted representative sample of information.³

Section 552.101 of the Government Code excepts from disclosure “information considered to be confidential by law, either constitutional, statutory, or by judicial decision.” *Id.* § 552.101. This section encompasses information protected by other statutes, such as section 66.058 of the Election Code, which provides, in relevant part:

(a) Except as otherwise provided by this code, the precinct election records shall be preserved by the authority to whom they are distributed:

(1) in an election involving a federal office, for at least 22 months after election day in accordance with federal law; or

(2) in an election not involving a federal office, for at least six months after election day.

(b) For a period of at least 60 days after the date of the election, the voted ballots shall be preserved securely in a locked room in the locked ballot box in which they are delivered to the general custodian of election records.

...

(b-1) Except as permitted by this code, a ballot box or other secure container containing voted ballots may not be opened during the preservation period.

...

(g) Electronic records created under Chapter 129 shall be preserved in a secure container.

Elec. Code § 66.058 (a)-(b-1), (g). “Precinct election records” means the precinct election returns, voted ballots, and other records of an election that are assembled and distributed under chapter 66 of the Election Code. *See id.* § 66.002; *see also id.* §§ 121.001 (noting other provisions of this code apply to an election in which a voting system is used), 127.132 (explaining voted ballots, election returns, and other election records of an electronic voting system shall be delivered to authorities who receive corresponding records from precinct polling places using regular paper ballots), 129.001 (stating chapter 129 applies to voting

³We assume the representative sample of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

system that uses direct recording electronic voting machines and, to extent possible, procedures applicable to electronic voting system under chapter 127 are applicable to voting system under chapter 129). You assert the submitted information constitutes precinct election records made confidential by section 66.058. Upon review, we agree the information at issue is subject to section 66.058.

The Election Code authorizes access to election records during the preservation period for several purposes, including, for example, recounts, election contests, criminal investigations, and counts conducted pursuant to chapter 127 of the Election Code. *See* Open Records Decision No. 505 at 2 n. 2 (1988). We have no indication the Election Code authorizes access to the submitted information in this case. Thus, this information is not subject to disclosure under the Act until the preservation period has run. We note the elections at issue did not involve a federal office. Accordingly, the preservation periods in the instant case are at least six months after the November 2015 elections. *See* Elec. Code § 66.058(a). Therefore, the information at issue is confidential as long as the precinct election records are required to be preserved pursuant to section 66.058 of the Election Code. Thus, the submitted information must be withheld under section 552.101 of the Government Code for the duration of the preservation period. After this period, the information at issue is subject to public disclosure. *See* ORD 505 at 4 (request made during preservation period to inspect voted ballots must be treated as request to inspect ballots when retention period expires).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
