

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 6, 2016

Mr. Adolfo Ruiz
Counsel for the City of Forney
McKamie Krueger, LLP
941 Proton Road
San Antonio, Texas 78258

OR2016-07757

Dear Mr. Ruiz:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 606943.

The City of Forney (the "city"), which you represent, received six requests from the same requestor for all communications between the city manager and each of six named individuals during specified time frames.¹ You state the city will release information responsive to one of the requests with personal e-mail addresses redacted under section 552.137 of the Government Code pursuant to Open Records Decision No. 684 (2009) upon payment of costs.² You further state you withdraw your request for an open records decision with respect to one of the requests. You claim some of the submitted information is excepted from disclosure under sections 552.107, 552.131, and 552.139 of the

¹We note the requestor amended four of the six requests. *See* Gov't Code § 552.222 (if request for information is unclear, governmental body may ask requestor to clarify request); *see also* *City of Dallas v. Abbott*, 304 S.W.3d 380, 387 (Tex. 2010) (if governmental entity, acting in good faith, requests clarification of unclear or over-broad request, ten-day period to request attorney general ruling is measured from date request is clarified).

²Open Records Decision No. 684 serves as a previous determination to all governmental bodies authorizing them to withhold certain categories of information, including personal e-mail addresses under section 552.137 of the Government Code, without the necessity of requesting an attorney general decision. *See* ORD 684.

Government Code.³ We have considered the exceptions you claim and reviewed the submitted information.

Initially, we note some of the submitted information, which we have marked, is not responsive to the instant request because it does not consist of communications between the city manager and any of the six named individuals. This ruling does not address the public availability of any information that is not responsive to the request and the city is not required to release such information in response to this request.

Section 552.107(1) of the Government Code protects information coming within the attorney-client privilege. *See* Gov't Code § 552.107(1). When asserting the attorney-client privilege, a governmental body has the burden of providing the necessary facts to demonstrate the elements of the privilege in order to withhold the information at issue. *See* Open Records Decision No. 676 at 6-7 (2002). First, a governmental body must demonstrate the information constitutes or documents a communication. *Id.* at 7. Second, the communication must have been made “to facilitate the rendition of professional legal services” to the client governmental body. *See* TEX. R. EVID. 503(b)(1). The privilege does not apply when an attorney or representative is involved in some capacity other than that of providing or facilitating professional legal services to the client governmental body. *See In re Tex. Farmers Ins. Exch.*, 990 S.W.2d 337, 340 (Tex. App.—Texarkana 1999, orig. proceeding) (attorney-client privilege does not apply if attorney acting in capacity other than that of attorney). Governmental attorneys often act in capacities other than that of professional legal counsel, such as administrators, investigators, or managers. Thus, the mere fact that a communication involves an attorney for the government does not demonstrate this element. Third, the privilege applies only to communications between or among clients, client representatives, lawyers, and lawyer representatives. *See* TEX. R. EVID. 503(b)(1)(A), (B), (C), (D), (E). Thus, a governmental body must inform this office of the identities and capacities of the individuals to whom each communication at issue has been made. Finally, the attorney-client privilege applies only to a *confidential* communication, *id.* 503(b)(1), meaning it was “not intended to be disclosed to third persons other than those: (A) to whom disclosure is made to further the rendition of professional legal services to the client; or (B) reasonably necessary to transmit the communication.” *Id.* 503(a)(5). Whether a communication meets this definition depends on the *intent* of the parties involved at the time the information was communicated. *See Osborne v. Johnson*, 954 S.W.2d 180, 184 (Tex. App.—Waco 1997, orig. proceeding). Moreover, because the client may elect to waive the privilege at any time, a governmental body must explain the confidentiality of a communication has been maintained. Section 552.107(1) generally excepts an entire communication that is demonstrated to be protected by the

³Although you also raise Texas Rule of Evidence 503, we note the proper exception to raise when asserting the attorney-client privilege for information not subject to section 552.022 of the Government Code is section 552.107 of the Government Code. *See* Open Records Decision Nos. 677 (2002), 676 at 1-2.

attorney-client privilege unless otherwise waived by the governmental body. *See Huie v. DeShazo*, 922 S.W.2d 920, 923 (Tex. 1996) (privilege extends to entire communication, including facts contained therein).

You state the responsive information in Exhibit B consists of communications involving attorneys for the city and city officials. You state the communications were made for the purpose of facilitating the rendition of professional legal services to the city and these communications have remained confidential. Upon review, we find the city has demonstrated the applicability of the attorney-client privilege to the information at issue. Thus, the city may withhold the responsive information in Exhibit B under section 552.107(1) of the Government Code.

Section 552.131(b) of the Government Code protects information about a financial or other incentive that is being offered to a business prospect by a governmental body or another person. Gov't Code § 552.131(b). You state the information you have marked is related to a pending business project or prospect. Further, the documents reveal the city is in the process of negotiating an incentive agreement with the company. Thus, we find the information you have marked consists of information about financial or other incentives being offered to a business prospect by the city. Accordingly, the city may withhold the information you have marked under section 552.131(b) of the Government Code.

Section 552.139 of the Government Code provides, in part:

(a) Information is excepted from [required public disclosure] if it is information that relates to computer network security, to restricted information under Section 2059.055 [of the Government Code], or to the design, operation, or defense of a computer network.

(b) The following information is confidential:

(1) a computer network vulnerability report; [and]

(2) any other assessment of the extent to which data processing operations, a computer, a computer program, network, system, or system interface, or software of a governmental body or of a contractor of a governmental body is vulnerable to unauthorized access or harm, including an assessment of the extent to which the governmental body's or contractor's electronically stored information containing sensitive or critical information is vulnerable to alteration, damage, erasure, or inappropriate use[.]

Gov't Code § 552.139(a), (b)(1)-(2). Section 2059.055 of the Government Code provides in part:

(b) Network security information is confidential under this section if the information is:

- (1) related to passwords, personal identification numbers, access codes, encryption, or other components of the security system of a state agency;
- (2) collected, assembled, or maintained by or for a governmental entity to prevent, detect, or investigate criminal activity; or
- (3) related to an assessment, made by or for a governmental entity or maintained by a governmental entity, of the vulnerability of a network to criminal activity.

Id. § 2059.055(b). You assert some of the remaining responsive information relates to the city's computer network. However, upon review, we find you have not demonstrated any of the remaining responsive information relates to computer network security, or to the design, operation, or defense of a computer network as contemplated in section 552.139(a). Further, we find you have failed to explain any of the information consists of a computer network vulnerability report or assessment as contemplated by section 552.139(b). Accordingly, the city may not withhold any of the remaining responsive information under section 552.139 of the Government Code.

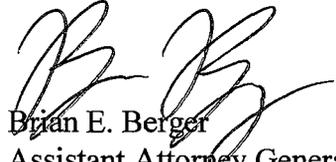

In summary, this ruling does not address the public availability of any information that is not responsive to the request. The city may withhold the responsive information in Exhibit B under section 552.107(1) of the Government Code. The city may withhold the information you have marked under section 552.131(b) of the Government Code. The remaining responsive information must be released.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open_orl_ruling_info.shtml, or call the Office of the Attorney General's Open Government Hotline, toll free, at (877) 673-6839. Questions concerning the allowable charges for

providing public information under the Act may be directed to the Office of the Attorney General, toll free, at (888) 672-6787.

Sincerely,

Brian E. Berger
Assistant Attorney General
Open Records Division
