

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

April 11, 2016

Ms. Criselda Palacios
City Attorney
City of Edinburg
P.O. Box 1079
Edinburg, Texas 78540

OR2016-08052

Dear Ms. Palacios:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 605071.

The City of Edinburg (the "city") received a request for the contract for the city's electric provider. You claim the submitted information is excepted from disclosure under section 552.133 of the Government Code. Additionally, you state release of this information may implicate the interests of the Texas General Land Office (the "GLO"). Accordingly, you state, and provide documentation showing, you notified the GLO of the request for information and of its right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.304 (interested party may submit comments stating why information should or should not be released). We have received comments from the GLO. We have considered the submitted arguments and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage." *Boeing*

Co. v. Paxton, 466 S.W.3d 831 (Tex. 2015). The GLO informs us it is authorized by statute to sell or otherwise convey power generated from royalties taken in kind. Util. Code § 35.102. The GLO advises us, under that authority, it has created the State Power Program, with Reliant Energy Solutions and Cavallo Energy Texas, L.L.C. as its representatives, through which it bids on contracts for the right to sell electrical energy to public retail customers. The GLO states it competes with private companies for the awards of these contracts. Additionally, the GLO contends the release of its electricity contract with the city would put the GLO at a disadvantage in future bids because this information details services, and the GLO's business strategies, business methodologies, pricing formulas, and pricing structures. The GLO further asserts release of this information would allow competitors to gain insight into the GLO's business and marketing strategies, and this would put the GLO at a disadvantage in the marketplace. Thus, the GLO argues allowing competitors access to the information at issue will undermine its ability to compete in this marketplace. Based on the GLO's representations and arguments, we conclude the GLO has shown that release of the information at issue would give advantage to a competitor or bidder. Therefore, we conclude the city may withhold the submitted information under section 552.104 of the Government Code.¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
