ATTORNEY GENERAL OF TEXAS

Ms. Katheryne Ellison  
Assistant General Counsel  
Houston Independent School District  
4400 West 18<sup>th</sup> Street  
Houston, Texas 77092

OR2016-10366

Dear Ms. Ellison:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 610301 (Internal File #Strauss KPRC022316).

The Houston Independent School District (the "district") received a request for video from a school bus during a specified incident. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.<sup>1</sup>

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses section 418.182 of the Government Code, which was added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). Section 418.182(a) of the Government Code provides in relevant part, "information . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential." *Id.*

<sup>1</sup>We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

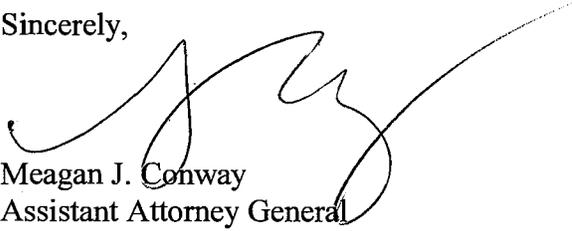

§ 418.182(a). The fact that information may be related to a security system does not make the information *per se* confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any confidentiality provision, a governmental body asserting section 418.182 must adequately explain how the responsive information falls within the scope of the statute. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

The submitted information consists of a dash camera video recording from a district school bus. You state disclosure of this information would reveal the location, video quality and clarity, camera angles, and video surveillance coverages of security surveillance cameras on a district bus. You further state these cameras are part of a transportation security system used to protect public or private property from acts of terrorism or other criminal activity. However, upon review, we find you have failed to demonstrate the submitted information is confidential under section 418.182(a) of the Government Code. Accordingly, the district may not withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.182(a) of the Government Code. As no further exceptions to disclosure have been raised, the district must release the submitted information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. Meagan J. Conway
