ATTORNEY GENERAL OF TEXAS

May 18, 2016

Mr. David T. Ritter
Counsel for the City of McKinney
Brown & Hofmeister, L.L.P.
740 East Campbell Road, Suite 800
Richardson, Texas 75081

OR2016-11445

Dear Mr. Ritter:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 612493 (McKinney ORR Nos. G210030516 and G231030816).

The City of McKinney (the "city"), which you represent, received two requests from the same requestor for information pertaining to businesses and residents that need backflow prevention valve assemblies. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹ We have also received and considered comments from the requestor. *See* Gov't Code § 552.304 (interested party may submit comments stating why information should or should not be released).

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." *Id.* § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.180 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the technical details of particular

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

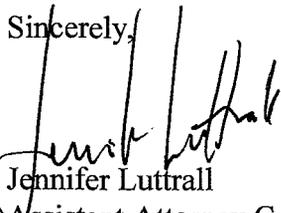

vulnerabilities of critical infrastructure to an act of terrorism.” *Id.* § 418.181; *see also id.* § 421.001 (defining critical infrastructure to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, and functions vital to the state or the nation”). The fact that information may relate to a governmental body’s security concerns or emergency management activities does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted information relates to the city’s water system, which is part of the city’s critical infrastructure. You indicate the purpose of backflow valve assembly devices is to protect the city’s water supply from contamination or pollution due to cross-connections. Thus, you argue the information could be used to identify the technical details of particular vulnerabilities of the city’s water system to an act of terrorism. Based on your representations and our review, we agree the requested information identifies the technical details of particular vulnerabilities of critical infrastructure to an act of terrorism. Therefore, the city must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.181 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For more information concerning those rights and responsibilities, please visit our website at http://www.texasattorneygeneral.gov/open/orl_ruling_info.shtml, or call the Office of the Attorney General’s Open Government Hotline, toll free, at (877) 673-6839. Sincerely,

Jennifer Luttrall
