Dear Ms. Anderson-Nelson:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 614974 (ORR# W000654).

Dallas Area Rapid Transit ("DART") received a request for the requestor's files. You state you have released some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by statute, such as the Medical Practice Act ("MPA"), subtitle B of title 3 of the Occupations Code, which governs release of medical records. *See* Occ. Code §§ 151.001-168.202. Section 159.002 of the MPA provides, in relevant part:

¹We assume the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent those records contain substantially different types of information than that submitted to this office.

(a) A communication between a physician and a patient, relative to or in connection with any professional services as a physician to the patient, is confidential and privileged and may not be disclosed except as provided by this chapter.

(b) A record of the identity, diagnosis, evaluation, or treatment of a patient by a physician that is created or maintained by a physician is confidential and privileged and may not be disclosed except as provided by this chapter.

(c) A person who receives information from a confidential communication or record as described by this chapter, other than a person listed in Section 159.004 who is acting on the patient's behalf, may not disclose the information except to the extent that disclosure is consistent with the authorized purposes for which the information was first obtained.

Id. § 159.002(a)-(c). Information subject to the MPA includes both medical records and information obtained from those medical records. *See id.* §§ 159.002, .004. This office has concluded the protection afforded by section 159.002 extends only to records created by either a physician or someone under the supervision of a physician. *See* Open Records Decision Nos. 487 (1987), 370 (1983), 343 (1982). We have further found when a file is created as a result of a hospital stay, all the documents in the file referring to diagnosis and treatment constitute physician-patient communications or “[r]ecords of the identity, diagnosis, evaluation, or treatment of a patient by a physician that are created or maintained by a physician.” Open Records Decision No. 546 (1990).

Upon review, we find most of the submitted information constitutes records of the identity, diagnosis, evaluation, or treatment of a patient by a physician that were created or are maintained by a physician and information obtained from a patient's medical records. However, we find you have not demonstrated some of the submitted information, which we have marked, consists of medical records for purposes of the MPA, and DART may not withhold that information under section 552.101 in conjunction with the MPA. Accordingly, except for the information we marked, DART must withhold the submitted information under section 552.101 of the Government Code in conjunction with the MPA.

Section 552.101 of the Government Code also encompasses section 258.102 of the Occupations Code. Section 258.102 provides in pertinent part as follows:

(a) The following information is privileged and may not be disclosed except as provided by this subchapter:

(1) a communication between a dentist and a patient that relates to a professional service provided by the dentist; and

(2) a dental record.

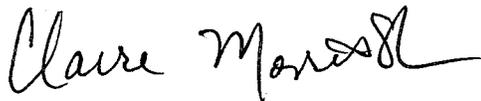

Id. § 258.102(a). A “dental record” means dental information about a patient that is created or maintained by a dentist and relates to the history or treatment of the patient. *See id.* § 258.101(1). Upon review, we find some of the remaining information, which we have marked, constitutes dental records DART must withhold under section 552.101 of the Government Code in conjunction with section 258.102 of the Occupations Code.

In summary, except for the information we marked, DART must withhold the submitted information under section 552.101 of the Government Code in conjunction with the MPA. DART must withhold the information we marked under section 552.101 of the Government Code in conjunction with section 258.102 of the Occupations Code. DART must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
