Dear Mr. Wall

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 614329.

Texas Tech University (the "university") received two requests from different requestors seeking information pertaining to request for proposals number 2015-624, including the awarded contract, all cost and technical proposals, and all award evaluations and scoresheets. Although you take no position as to whether the submitted information is excepted under the Act, you state release of the submitted information may implicate the proprietary interests of CampusLabs; IOTA Solutions ("IOTA"); CollegeNet, Inc. ("CollegeNet"); GAP Technologies, Inc. ("GAP"); eXplorance, Inc. ("eXplorance"); and Scantron Corporation ("Scantron"). Accordingly, you state, and provide documentation showing, you notified CampusLabs, IOTA, CollegeNet, GAP, eXplorance, and Scantron of the request for information and of their right to submit arguments to this office as to why the submitted information should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have reviewed the submitted information.

An interested third party is allowed ten business days after the date of its receipt of the governmental body's notice under section 552.305(d) to submit its reasons, if any, as to why

information relating to that party should be withheld from public disclosure. *See* Gov't Code § 552.305(d)(2)(B). As of the date of this letter, we have not received comments from CampusLabs, IOTA, CollegeNet, GAP, eXplorance, or Scantron explaining why the submitted information should not be released. Therefore, we have no basis to conclude CampusLabs, IOTA, CollegeNet, GAP, eXplorance, or Scantron has a protected proprietary interest in the submitted information. *See id.* § 552.110; Open Records Decision Nos. 661 at 5-6 (1999) (to prevent disclosure of commercial or financial information, party must show by specific factual evidence, not conclusory or generalized allegations, that release of requested information would cause that party substantial competitive harm), 552 at 5 (1990) (party must establish *prima facie* case that information is trade secret), 542 at 3. Accordingly, the university may not withhold the submitted information on the basis of any proprietary interest CampusLabs, IOTA, CollegeNet, GAP, eXplorance, or Scantron may have in the information.

Some of the submitted information is subject to section 552.136 of the Government Code.¹ Section 552.136 of the Government Code provides, "Notwithstanding any other provision of [the Act], a credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a governmental body is confidential." Gov't Code § 552.136(b); *see id.* § 552.136(a) (defining "access device"). This office has determined insurance policy numbers are access device numbers for purposes of section 552.136. Accordingly, the university must withhold the insurance policy numbers within the submitted documents under section 552.136 of the Government Code.

We note some of the materials at issue may be protected by copyright. A custodian of public records must comply with the copyright law and is not required to furnish copies of records that are copyrighted. Open Records Decision No. 180 at 3 (1977). A governmental body must allow inspection of copyrighted materials unless an exception applies to the information. *Id.*; *see* Open Records Decision No. 109 (1975). If a member of the public wishes to make copies of copyrighted materials, the person must do so unassisted by the governmental body. In making copies, the member of the public assumes the duty of compliance with the copyright law and the risk of a copyright infringement suit.

In summary, the university must withhold the insurance policy numbers within the submitted documents under section 552.136 of the Government Code. The university must release the remaining information; however, any information that is subject to copyright may be released only in accordance with copyright law.

¹The Office of the Attorney General will raise a mandatory exception on behalf of a governmental body, but ordinarily will not raise other exceptions. *See* Open Records Decision Nos. 481 (1987), 480 (1987), 470 (1987).

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
