Dear Mr. Hartsfield:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 616538 (ORR# 16105).

The Tarrant County Hospital District (the "district"), which you represent, received a request for all information pertaining to a specified application submitted by a named individual. You state the district has released some of the requested information. You claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes. Section 161.032 of the Health and Safety Code addresses a broad category of medical committees and provides in relevant part:

- (a) The records and proceedings of a medical committee are confidential and are not subject to court subpoena.

...

(c) Records, information, or reports of a medical committee, medical peer review committee, or compliance officer and records, information, or reports provided by a medical committee, medical peer review committee, or compliance officer to the governing body of a public hospital, hospital district, or hospital authority are not subject to disclosure under [the Act].

...

(f) This section and Subchapter A, Chapter 160, Occupations Code, do not apply to records made or maintained in the regular course of business by a hospital, health maintenance organization, medical organization, university medical center or health science center, hospital district, hospital authority, or extended care facility.

Health & Safety Code § 161.032(a), (c), (f). A “medical committee” is any committee, including a joint committee of a hospital, medical organization, university medical school or health science center, health maintenance organization, extended care facility, a hospital district, or a hospital authority. *See id.* § 161.031(a). The term also encompasses “a committee appointed *ad hoc* to conduct a specific investigation or established under state or federal law or rule or under the bylaws or rules of the organization or institution.” *Id.* § 161.031(b) (emphasis added).

The precise scope of the “medical committee” provision has been the subject of a number of judicial decisions. *See, e.g., Mem’l Hosp.—The Woodlands v. McCown*, 927 S.W.2d 1 (Tex. 1996); *Barnes v. Whittington*, 751 S.W.2d 493 (Tex. 1988); *Jordan v. Fourth Supreme Judicial Dist.*, 701 S.W.2d 644 (Tex. 1986). These cases establish “documents generated by the committee in order to conduct open and thorough review” are confidential. *Mem’l Hosp.*, 927 S.W.2d at 10; *Jordan*, 701 S.W.2d at 647-48; *Doctor’s Hosp. v. West*, 765 S.W.2d 812, 814 (Tex. App.—Houston [1st Dist.] 1988, no writ). This protection extends “to documents that have been prepared by or at the direction of the committee for committee purposes.” *Jordan*, 701 S.W.2d at 647-48. Protection does not extend to documents “gratuitously submitted to a committee” or “created without committee impetus and purpose.” *Id.*; *see also* Open Records Decision No. 591 (1991) (construing statutory predecessor to Health & Safety Code § 161.032). Additionally, we note section 161.032 does not make confidential “records made or maintained in the regular course of business by a hospital[.]” Health & Safety Code § 161.032(f); *see also Mem’l Hosp.*, 927 S.W.2d at 10 (stating reference to statutory predecessor to section 160.007 of the Occupations Code in section 161.032 is clear signal records should be accorded same treatment under both statutes in determining if they were made in ordinary course of business). The phrase “records made or maintained in the regular course of business” has been construed to mean records that are neither created nor obtained in connection with a medical committee’s deliberative proceedings. *See Mem’l Hosp.*, 927 S.W.2d at 10 (discussing *Barnes*, 751 S.W.2d 493, and *Jordan*, 701 S.W.2d 644).

You assert the submitted information pertains to the credentialing of the named individual. You inform us the information consists of reports, references, e-mails, notes, and correspondence of the district's District Credentialing Committee (the "committee"). You state, and we agree, the committee is a medical committee for the purposes of section 161.031 of the Health and Safety Code. You indicate the information at issue was created at the behest of the committee, which we understand evaluates the credentials of all applicants to the district. Upon review, we agree the submitted information consists of confidential records of a medical committee under section 161.032 of the Health and Safety Code. Therefore, we conclude the district must withhold the submitted information under section 552.101 in conjunction with section 161.032 of the Health and Safety Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
