

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

July 6, 2016

Mr. David T. Ritter
Counsel for the City of McKinney
Brown & Hofmeister, L.L.P.
740 East Campbell Road, Suite 800
Richardson, Texas 75081

OR2016-15376

Dear Mr. Ritter:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 618534.

The City of McKinney (the "city"), which you represent, received a request for a list of backflow devices to be tested with due dates and owner contact information. You claim the requested information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted representative sample of information.¹

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. This section encompasses information protected by other statutes. Sections 418.176 through 418.182 were added to chapter 418 of the Government Code as part of the Texas Homeland Security Act ("HSA"). You claim the submitted information is excepted from disclosure under section 418.181 of the Government Code. Section 418.181 of the Government Code provides "[t]hose documents or portions of documents in the possession of a governmental entity are confidential if they identify the

¹We assume that the "representative sample" of records submitted to this office is truly representative of the requested records as a whole. *See* Open Records Decision Nos. 499 (1988), 497 (1988). This open records letter does not reach, and therefore does not authorize the withholding of, any other requested records to the extent that those records contain substantially different types of information than that submitted to this office.

technical details of particular vulnerabilities of critical infrastructure to an act of terrorism.” *Id.* § 418.181; *see also id.* § 421.001 (defining critical infrastructure to include “all public or private assets, systems, and functions vital to the security, governance, public health and safety, and functions vital to the state or the nation”). The fact that information may relate to a governmental body’s security concerns or emergency management activities does not make the information *per se* confidential under the HSA. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute’s key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting one of the confidentiality provisions of the HSA must adequately explain how the responsive records fall within the scope of the claimed provision. *See* Gov’t Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You assert the submitted information is related to the city’s water system and thus pertains to critical infrastructure for the purposes of section 418.181 of the Government Code. You explain the information identifies the size, location, and manufacturer of backflow devices throughout the city and thus reveals technical details of particular vulnerabilities of the city’s water system. Based on your representations and our review of the information at issue, we find the information is confidential under section 418.181 of the Government Code. We therefore conclude the city must withhold the submitted information on that basis under section 552.101 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
