Dear Ms. Turner:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 622789.

The San Angelo Independent School District (the "district"), which you represent, received a request for a specified video recording. You state the submitted information is not subject to the Act. In the alternative, you claim the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered your arguments and reviewed the submitted information.

Initially, you argue the submitted information is not subject to the Act. The Act applies to "public information," which is defined in section 552.002(a) of the Government Code as

information that is written, produced, collected, assembled, or maintained under a law or ordinance or in connection with the transaction of official business:

- (1) by a governmental body; or
- (2) for a governmental body and the governmental body:
 - (A) owns the information;
 - (B) has a right of access to the information; or

(C) spends or contributes public money for the purpose of writing, producing, collecting, assembling, or maintaining the information; or

(3) by an individual officer or employee of a governmental body in the officer's or employee's official capacity and the information pertains to official business of the governmental body.

Gov't Code § 552.002(a). Information is "in connection with the transaction of official business" if it is "created by, transmitted to, received by, or maintained by an officer or employee of the governmental body in the officer's or employee's official capacity, or a person or entity performing official business or a government function on behalf of a governmental body, and pertains to official business of the governmental body." *Id.* § 552.002(a-1). Thus, virtually all of the information in a governmental body's physical possession constitutes public information and is subject to the Act. *See* Open Records Decision Nos. 549 at 4 (1990), 514 at 1-2 (1988).

You contend the submitted video recording is not public information under the Act. We note the information at issue was produced by the district in the course of official business. Thus, we find the information at issue was written, produced, collected, assembled, or maintained in connection with the transaction of official district business. Thus, the submitted information is subject to the Act and the district must release it unless it demonstrates the information falls within an exception to public disclosure under the Act. *See* Gov't Code §§ 552.006, .021, .301, .302.

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." *Id.* § 552.101. This exception encompasses information made confidential by other statutes, including section 418.182 of the Texas Homeland Security Act (the "HSA"), chapter 418 of the Government Code. Section 418.182 provides, in relevant part:

(a) [I]nformation . . . in the possession of a governmental entity that relates to the specifications, operating procedures, or location of a security system used to protect public or private property from an act of terrorism or related criminal activity is confidential.

Id. § 418.182(a). The fact information may be related to a security system does not make such information *per se* confidential under section 418.182. *See* Open Records Decision No. 649 at 3 (1996) (language of confidentiality provision controls scope of its protection). Furthermore, the mere recitation by a governmental body of a statute's key terms is not sufficient to demonstrate the applicability of a claimed provision. As with any exception to disclosure, a governmental body asserting section 418.182 must adequately explain how the responsive records fall within the scope of the statute. *See* Gov't Code § 552.301(e)(1)(A) (governmental body must explain how claimed exception to disclosure applies).

You state the submitted video recording reveals specific information about the use of security cameras at the district's elementary gymnasium and that the camera is part of a security system used to protect district property from acts of terrorism or related criminal activity. Upon review, we find the submitted video recording relates to the location of a security system used to protect public or private property from an act of terrorism or related criminal activity. *See Tex. Dep't of Pub. Safety v. Abbott*, 310 S.W.3d 670 (Tex. App.—Austin 2010, no pet.) (finding confidential under section 418.182 of the HSA video recording containing images recorded by security cameras in Texas Capitol hallway because specifications of security system included cameras' capabilities and video recording demonstrated those capabilities through characteristics, quality, and clarity of images recorded). Therefore, the district must withhold the submitted information under section 552.101 of the Government Code in conjunction with section 418.182 of the Government Code.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor.
