Dear Ms. Rovira:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 626800.

The City of Denison (the "city"), which you represent, received a request for call logs pertaining to two specified addresses for a range of dates and call logs pertaining to three named individuals. You state you have released some information. You claim some of the submitted information is excepted from disclosure under section 552.101 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

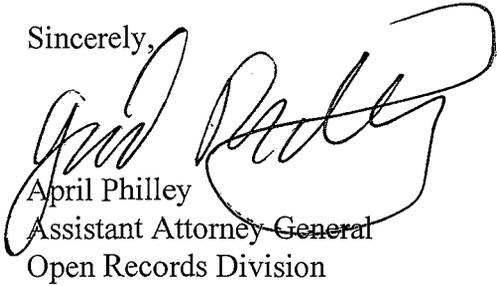

Section 552.101 of the Government Code excepts from disclosure "information considered to be confidential by law, either constitutional, statutory, or by judicial decision." Gov't Code § 552.101. Section 552.101 encompasses information made confidential by other statutes, such as chapter 772 of the Health and Safety Code, which authorizes the development of local emergency communication districts. Section 772.318 of the Health and Safety Code applies to an emergency communication district for a county with a population of more than 20,000 and makes confidential the originating telephone numbers and addresses of 9-1-1 callers that are furnished by a 9-1-1 service supplier. *See* Open Records Decision No. 649 (1996). You state the city is located in Greyson County, which is part of an emergency communication district that is subject to section 772.318 of the Health and Safety Code. You seek to withhold the telephone numbers and addresses of 9-1-1 callers within the submitted documents. We conclude the city must withhold the marked telephone numbers

and addresses under section 552.101 of the Government Code in conjunction with section 772.318 of the Health and Safety Code if the information consists of the originating telephone numbers and addresses of 9-1-1 callers furnished by a 9-1-1 service supplier. If the marked information does not consist of the originating telephone numbers and addresses of 9-1-1 callers provided by a 9-1-1 service supplier, then it may not be withheld under section 552.101 in conjunction with section 772.318. In either case, the city must release the remaining information.

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
