

KEN PAXTON
ATTORNEY GENERAL OF TEXAS

September 13, 2016

Mr. Ryan Mitchell
Assistant City Attorney
City of Arlington
P.O. Box 90231
Arlington, Texas 76004-3231

OR2016-20636

Dear Mr. Mitchell:

You ask whether certain information is subject to required public disclosure under the Public Information Act (the "Act"), chapter 552 of the Government Code. Your request was assigned ID# 626140 (ORR# 28072).

The City of Arlington (the "city") received a request for a specified contract. Although you take no position with respect to the submitted information, you state release of this information may implicate the proprietary interests of TXU Energy Retail Company LLC ("TXU"). Accordingly, you state you notified TXU of the request for information and of its right to submit arguments to this office as to why the information at issue should not be released. *See* Gov't Code § 552.305(d); *see also* Open Records Decision No. 542 (1990) (statutory predecessor to section 552.305 permits governmental body to rely on interested third party to raise and explain applicability of exception in the Act in certain circumstances). We have received comments from TXU. We have considered the submitted arguments and reviewed the submitted information.

Section 552.104(a) of the Government Code excepts from disclosure "information that, if released, would give advantage to a competitor or bidder." Gov't Code § 552.104(a). In considering whether a private third party may assert this exception, the supreme court reasoned because section 552.305(a) of the Government Code includes section 552.104 as an example of an exception that involves a third party's property interest, a private third party may invoke this exception. *Boeing Co. v. Paxton*, 466 S.W.3d 831, 839 (Tex. 2015). The "test under section 552.104 is whether knowing another bidder's [or competitor's information] would be an advantage, not whether it would be a decisive advantage."

Id. at 841. TXU states it has competitors. In addition, TXU states release of the submitted information would give advantage to its competitors and seeks to withhold the terms of the contract. For many years, this office concluded the terms of a contract and especially the pricing of a winning bidder are public and generally not excepted from disclosure. Gov't Code § 552.022(a)(3) (contract involving receipt or expenditure of public funds expressly made public); Open Records Decision Nos. 541 at 8 (1990) (public has interest in knowing terms of contract with state agency), 514 (1988) (public has interest in knowing prices charged by government contractors), 494 (1988) (requiring balancing of public interest in disclosure with competitive injury to company). *See generally* Freedom of Information Act Guide & Privacy Act Overview, 219 (2000) (federal cases applying analogous Freedom of Information Act reasoning that disclosure of prices charged government is a cost of doing business with government). However, now, pursuant to *Boeing*, section 552.104 is not limited to only ongoing competitive situations, and a third party need only show release of its competitively sensitive information would give an advantage to a competitor even after a contract is executed. *Boeing*, 466 S.W.3d at 839. After review of the information at issue and consideration of the arguments, we find TXU has established the release of the information at issue would give advantage to a competitor or bidder. Thus, we conclude the city may withhold the submitted information under section 552.104(a).¹

This letter ruling is limited to the particular information at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other information or any other circumstances.
