Opinion Committee

Dear General Morales

I have been asked by Representative Nancy McDonald of El Paso to request that your office please reopen opinion request #2104 or ID#310376 which was submitted by Past Chairman Lloyd Criss. It is our understanding that this opinion request was cancelled due to the fact that Rep. Criss did not return to the legislature this session. This request dealt with whether the Emergency Service Technicians of El Paso are within the provisions of Article 5154 C-1, V.T.C.S. If you or your staff should require any additional information please contact Tito Rodriguez of my staff in the Committee Office at 463-0794 or in the Capitol at 463-0620. Your assistance in this matter is greatly appreciated.

Sincerely,

Roman Martinez Chairman
